# Development Effectiveness to Implement the SDGs

## Project Background

At the **GOPAC Global Conference in Yogyakarta, Indonesia in October 2015**, GOPAC launched a project in partnership with the Islamic Development Bank (ISDB) and the United Nations Development Programme (UNDP) to explore the role of parliamentarians in ensuring the effectiveness of development resources towards the achievement of the Sustainable Development Goals.

The Project is now developing a **Handbook for parliamentarians on the parliamentary oversight of development funds and monitoring of progress towards the Sustainable Development Goals (SDGs)**. The Guide will set out the concrete opportunities for parliamentarians to promote development effectiveness and support effective SDGs implementation. It will illustrate effective approaches with practical examples of how these parliamentarians have engaged in such work already, with particular **focus on the Arab and Southeast Asian regions**. Where examples do not exist, suggestions for practical action will be provided.

## Objective

The objectives of the workshop will be to:

1. Provide parliamentarians with an overview of the new **2030 Agenda and SDGs framework**;
2. Discuss a range of **opportunities for parliamentarians to support development effectiveness and SDGs implementation and monitoring**, through strategic use of their parliamentary powers;
3. Collect **feedback from parliamentarians on the guidance provided in the draft handbook** and any amendments / additions / suggestions they have for improvement; and
4. Facilitate the development of an **SAPAC/SEAPAC Regional Chapter Action Plan** to guide the Chapter's activities to improve development effectiveness and SDGs implementation and monitoring.

## Workshop

To ensure that the **Handbook provides practical guidance for parliamentarians, it will be piloted** with members through a workshop in **Jakarta, Indonesia from 30 to 31 August 2016**. A second workshop will be organized in Jordan later in the year. Both workshops will be delivered with the **collaboration and support of the Westminster Foundation for Democracy**. Building on feedback and learning during these workshops, the Handbook will be amended to ensure that it most effectively serves the needs of parliamentarians, prior to its official launch at the end of the year.

To further benefit GOPAC members participating in the Indonesia workshop, the workshop will also be used to discuss the elaboration of a **South Asian Parliamentarians Against Corruption (SAPAC) and Southeast Asian Parliamentarians Against Corruption (SEAPAC) Regional Chapter Action Plan** to guide the chapters' activities in this area and identify needs and methods to strengthen parliamentarians' functions in the oversight of development funds, implementation, and monitoring of the SDGs regionally.
